## Hanse 325

The Hanse 325 is a spacious boat with excellent sailing characteristics. This example is in very clean condition with a fancy light gray colored hull. In recent years there have been made beautiful investments which makes the boat even more luxurious and complete. The upholstery in the salon has been renewed with light sand-colored upholstery and the front cabin has been fitted with comfortable 16 centimeter thick mattresses this year. A powerful autopilot has been installed that takes over steering for you at the push of a button. The cockpit is lined with teak and equipped with comfortable cockpit cushions. Sailing on this ship is a pleasure. A Hanse 325 so well equipped rarely comes on the market. VAT is demonstrably paid.
